### **CALL FOR PAPERS**

#### **NIALS JOURNAL OF HEALTH LAW AND POLICY**

The Nigerian Institute of Advanced Legal Studies (NIALS) is pleased to announce the Call for Papers for the maiden edition of the Journal of Health Law and Policy. The journal is aimed at the dissemination of cutting edge knowledge in national and international perspectives relating to health issues, policies, rights and laws. We invite scholarly contributions, comments, reviews and research papers on medical matters, health care and human rights in the areas of gender, governance, legislation, policy making and regulation. Legal professionals, health care providers, policy makers, civil society, activists and advocates working in the broad multidimensional areas of medicine, health care, law and human rights are particularly welcome to submit original manuscripts, reports, analysis, articles, case studies, opinions and well researched works in progress to the general editor for peer review and assessment with a view to publishing. Research issues and questions must be important, engaging and relevant to readers. We aim to revolutionize law and policy by promoting legitimate and effective research that is accessible to academics working in the above areas.

We are pleased to consider manuscripts and papers in the following categories:

- Clinical/Medical Diagnosis and Care;
- Health and Human Rights;
- Gender and Women's Health;
